Professor Wyburn Mason,
2, Hillbrow,
Richmond Hill,
Richmond,
Surrey.

Dear Professor Wyburn Mason,

Since your telephone call a few weeks ago about the use of chloroquine in Crohn's disease, I have been making a search of the literature and our records, but have not been able to find any other clinical evidence on the use of chloroquine in this condition, apart from the cases you mentioned during your telephone call. Indeed, I have not been able to discover any published report on these cases which, if I understood you correctly, were referred to at a meeting you attended.

There does not therefore seem to be any supporting evidence for the use of chloroquine in Crohn's disease.

Yours sincerely,

T.H.Davison
